

*Exhibit B – Resume***CURRICULUM VITAE OF JAMES E. AIKEN****James Evans Aiken**

The undersigned maintains a consulting concern in prison management and adjustment matters as James E. Aiken & Associates, Inc. I also served as Director of Corrections for the United States Virgin Islands, and Commissioner for the Indiana Department of Correction. I began my corrections career in 1971 at the South Carolina Department of Corrections as a counselor with the Comprehensive Drug Abuse Treatment Program. Also, while with the South Carolina Department of Corrections, I held positions as Deputy Regional Administrator in the Midlands Correctional Region (managing 16 prisons), Deputy Warden and Administrative Assistant to the Warden of the Manning Correctional Institution, Deputy Warden and Warden at the Central Correctional Institution (state penitentiary), and Warden of the Women's Correctional Center. While serving in these positions, I received extensive experience in the areas of prison classification and management of inmate population. During my years in prison work, I have conducted thousands of inmate classification evaluations relative to their adjustment to prison and current/future danger to the public, prison staff, and other inmates. These reviews included minimum custody (low security offenders) to maximum security (violent, high profile, disruptive, predatory, aggressive inmates). Additionally, I participated in the development of prison classification systems designed to better protect inmate population from other more violent inmates and the public.

The United States Congress appointed me, in July 2004 to the National Prison Rape Elimination Commission. Over a five (5) year period, the Commission conducted comprehensive hearings and examined all penological, economic, physical, mental, medical and social issues relating to prison rape in America. At the conclusion of its review, the Commission issued a comprehensive report on the subject, including a recommended set of national standards to reduce and eliminate prison rape. Also, a grant program made annual grants (up to \$40 million each year) to state and local programs that enhanced the prevention and punishment of prison rape and maintain safe and secure prisons despite budget reductions. The Commission had authority to issue subpoenas, and the statute allows for the Attorney General to seek enforcement of subpoenas in district court. The Federal Bureau of Prisons must have total compliance to the final standards.

I received a Master Degree in Criminal Justice from the University of South Carolina and Bachelors of Arts Degree from Benedict College, Columbia, South Carolina. I have also taught a number of courses in corrections at the university and technical college levels. I have consulted with the U.S. Department of Justice, National Institute of Corrections, as well as served as a private contract provider to federal, state and county jurisdictions (jails and prisons) in a number of areas to include but not limited to inmate classification, managing violent youthful offenders in adult prisons, managing prison security systems, correctional leadership development, assessment of security operational performance, executive training for new and experienced wardens, prison critical event avoidance, management of super-maximum security prisons, management of the hard to manage-violent inmate, STG/gang management, and riot management.

I have also consulted with attorneys and rendered expert testimony in capital, criminal and civil cases. I have been qualified as an expert and provided such testimony in the states of Washington, Ohio, Georgia, Arizona, Delaware, North Carolina, Montana, Pennsylvania, New York, South Carolina, Indiana, Virginia, Maryland, Louisiana, Oregon, New Hampshire, Missouri, Alabama, Mississippi, Florida, Texas and the United States District Courts of New York, Connecticut, Virginia, Ohio, South Carolina, Michigan, Arizona, West Virginia, Florida, Texas, Georgia, Alabama, Missouri, Tennessee, Louisiana, District of Columbia and Pennsylvania as well as the Court of Queen's Bench, Canada relative to: future danger posed to inmates, staff and the community by trial defendants, the ability of inmates to adjust to prison, classification of inmates to determine proper confinement levels, prison conditions, and other matters generally relating to prisons, jails, and criminal justice matters.

More specific overview of background qualifications is submitted: From August 1992 to August 1994, I was Director of the Bureau of Corrections for the United States Virgin Islands. My responsibilities encompassed the overall administration of the bureau which included jail and prison facilities. I also worked closely with other territorial agencies, the legislature, courts, and federal governmental entities. In the Virgin Islands, I had a specific mission to re-establish a correctional system (prison and jail) which was diminished by overcrowded conditions, gang problems, random and systematic violence, escapes, non-compliance with court orders (to include medical care and delivery issues), general mismanagement, and public mistrust.

From March 1989 until August 1992, I was Commissioner for the Indiana Department of Corrections. From September 1971 until March 1989, I was with the South Carolina Department of Corrections in a variety of capacities including Deputy Regional Administrator, and different times as Warden of the Central Correctional Institution, Warden of the Women's Correctional Institution and as an inmate social worker.

As Deputy Regional Administrator from April 1987 to March 1989, I supervised sixteen South Carolina institutions at all security levels including maximum. I supervised a workforce of 2,500 with an annual budget of \$97 million. This position required that I select institution heads and I was intimately involved with new facility design.

As Warden of the Central Correctional Institution (state penitentiary) from May 1982 until April 1987, I operated the largest correctional facility in South Carolina with 1,800 medium and maximum custody inmates, 530 staff members, and an annual budget of \$8 million. I was personally responsible for all activities involving security and treatment staff, as well as coordinating and supervising all welfare and morale services for inmates. CCI is now closed. At the time it was where the South Carolina death row was located and where executions were

carried out. I was called upon to carry out two executions. From September 1976 until September 1979, I was Deputy Warden of this institution.

As Warden of the Women's Correctional Institution from September 1979 until May 1982, I was chief administrator of a state women's prison. I was responsible for all employee hiring, evaluation, and supervision as well as, all aspects of inmate welfare. During my tenure, I studied and reviewed all available records and files on assigned inmates to evaluate their behavior changes and rehabilitation progress.

From about 1990 to 1992, I was also Adjunct Professor at the Indiana University-Purdue University in Indianapolis, teaching corrections related criminal justice courses.

I am able to render an expert opinion, in an operational context, regarding future danger and adaptability of inmates and issues pertaining to prison/jail safety, operations, administration and security.
